

Milan, Italy, 03/12/25

BeNext, since 2019, has been supporting companies in the design, migration, and management of secure, high-performance cloud environments—transforming the cloud into a driver of innovation and making technology accessible to all—, today announced that it was named a winner of the 2025 **Italy** AWS Regional Partner Award, an award recognizing partners in [insert area/country] that play a key role helping customers drive innovation and build solutions on AWS.

AWS Regional Partner Awards recognize AWS's Top Partners of the Year and Rising Star Partners of the Year in Italy, whose business models have embraced specialization, innovation, and collaboration over the past year. AWS Partner Awards recognize partners whose business models continue to evolve and thrive on AWS as they work with customers. Winners were selected based on objective criteria with results audited by third-party analyst firm, Canalys.

Over the past year, BeNext has reached several important milestones within AWS Cloud. The company achieved the AWS Advanced Tier Partner status, confirming its strong technical expertise and proven customer success across Migration, Modernization, and Security practices. BeNext also expanded its AWS service portfolio, introducing new managed offerings and custom assessment frameworks designed to help customers optimize performance, security, and cost efficiency on AWS.

In parallel, BeNext launched its AWS Cloud Academy "NextClouders", an internal training program aimed at accelerating the certification path of its consultants and fostering a culture of continuous learning aligned with AWS best practices. The company also took part in the AWS Summit Milan, showcasing its proprietary solutions and engaging directly with clients and AWS teams to share success stories and innovation use cases.

These achievements mark a significant step forward in BeNext's journey as a trusted AWS Partner, further strengthening its positioning in the Italian cloud consulting landscape.

The AWS Partner Network (APN), is a global partner program, focused on helping partners build successful AWS-based businesses or solutions by providing business, technical, marketing, and go-to-market support. The APN includes independent software vendors (ISVs) and systems integrators (SIs) around the world, with AWS Partner participation growing significantly during the past 12 months.
